Dear Resident,

**Southcourt's Active Travel Scheme – have your say.**

We are looking for your views on the Active Travel Scheme in Southcourt and would like you to please complete a survey by either accessing the survey online via a web link or QR code or by requesting a paper copy. For all options, please see the links and information overleaf.

The trial scheme in Southcourt has been in place since November 2020. The scheme introduced several 'point closures' (stopping through-traffic) on selected roads in the area, together with a section of segregated cycleway on Churchill Avenue.

The main aim of the scheme is to improve road safety, encourage more walking and cycling and improve air quality and public health in the area, during the pandemic and beyond.

Throughout the trial we have held regular review meetings with Aylesbury Town Councillors, local Buckinghamshire Councillors and Cabinet Members. The reviews considered your feedback, a petition and usage data. These reviews resulted in adjustments to the scheme in some locations.

Earlier this month, it was agreed by Councillors that the duration of the trial be extended until March 2022. This is so that the trial can be fully reviewed, including if usage changes with the warmer weather and to undertake an opinion survey to determine if there is support for the scheme.

The survey will also allow us to consider if there is support for the scheme being made permanent. If all or part of the scheme were to be made permanent, a formal statutory consultation would be undertaken.

Thank you for taking the time to read this letter and please do let us know what you think.

Yours faithfully,

**Joan Hancox**
